

# CONSULTING LEVEL 3 ASP ELECTRICAL ENGINEERS

## Who We Are

Power Solutions has been providing Electrical Engineering Consulting Services for over 30 years with an emphasis on developing good working relationships with Contractors, Distributors, and our Clients.

We aim to produce Quality Designs through the collaborative efforts of our large and specialised team.

Recognising the significance of consistent communication, we take pride in ensuring timely project completion by providing regular and progressive updates.

Power Solutions is a Level 3 Accredited Service Provider within the Ausgrid, Endeavour Energy and Essential Energy networks. With offices in both Newcastle and Sydney, we offer a range of electrical consulting services to assist our customers in optimising the safe and efficient use of electricity.
